

MAC PERMAHOT STATIC

PERMANENTLY HOT WATER

- Electrically heated static
- 90°C constant temperature
- Low water consumption
- 475w - 32 Amp supply
- Strong stainless steel construction
- Patented hot water design

PERMAHOT

KEY SPECIFICATION

Electrically Heated Static

4000psi Water Flow

150bar Pressure

90°C Constant Temperature

475w, 32amp Power Supply
